Renault ZOE

RENAULT
Passion for life

Electric identity

A blue-tinted chrome diamond on a wide, black radiator grille, streamlined blue-tinted headlamps and transparent rear lights with concentric blue edges give the ZOE a strong electric identity.

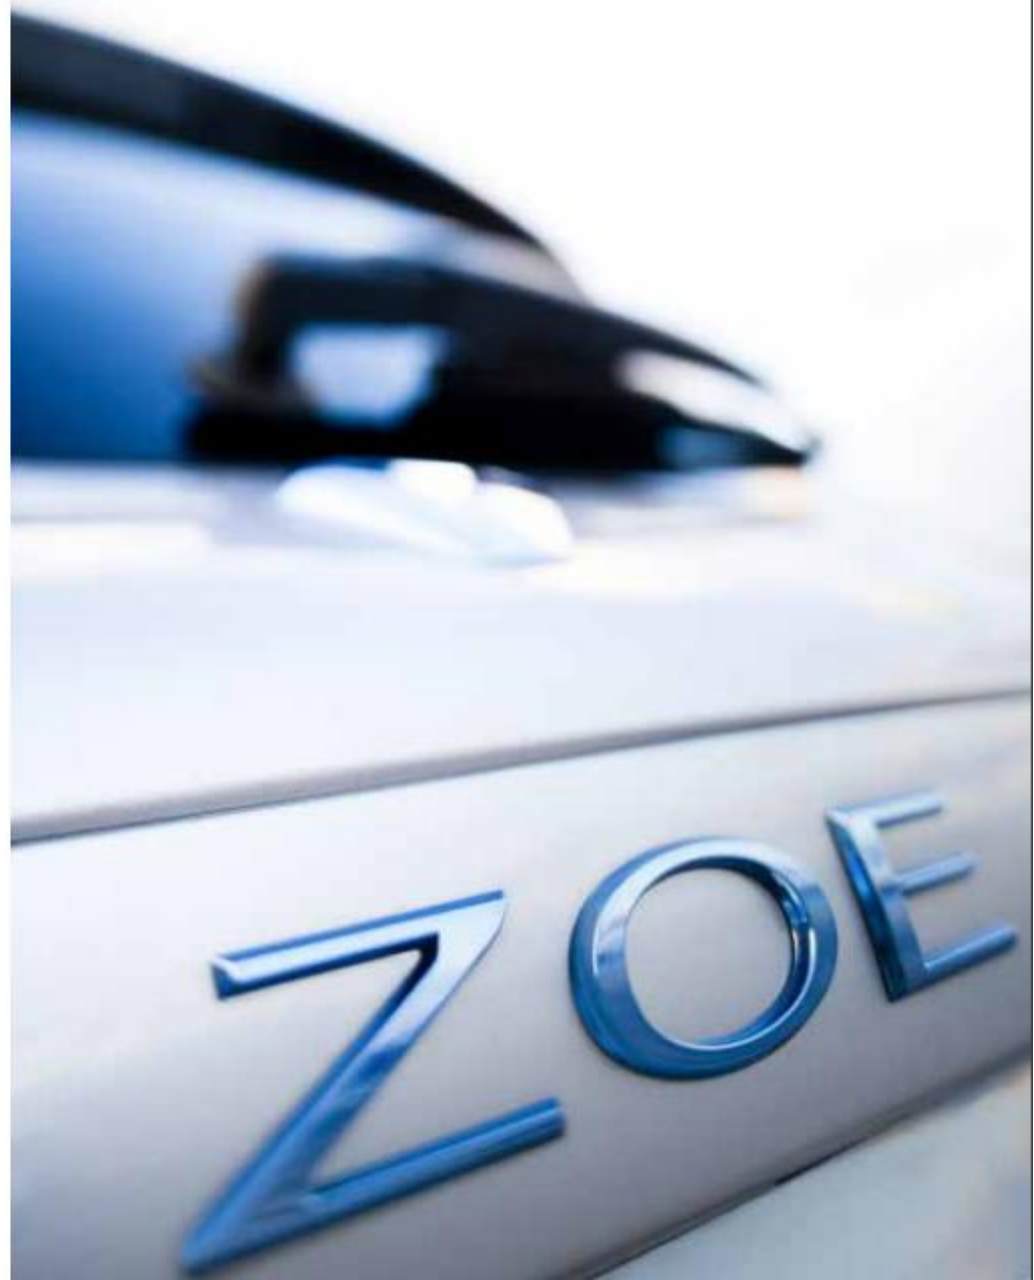

RENAULT
Passion for life

Effortless, clean styling throughout

The ZOE has the streamlined appearance of a coupé thanks to built in rear door handles, which have been branded with the designer's fingerprint. Discover an interior design that is peaceful and quiet.

RENAULT
Passion for life

Renault R-Link

The Renault R - Link multimedia system delivers an enriched driving experience and is tailored to your

ZOE. The intuitive and touch sensitive 7" screen is extremely easy to use and fit perfectly into the styling cues

Battery and charging

Where can I charge?

1. Home. Either by the use of an 8amp plug in charger to a standard 3 pin socket or by fitting a 7.4kw charge station
2. Destination. There are already public charging posts nationwide that can fully charge your car in 1-9 hours, depending on the power available. This type of charge is ideal for round trips, such as going to and from one destination
3. Own premises. These appliances are placed at key locations in your workplace and can charge a Zoe from 0-80% in 1 hour. They are efficient and well priced to purchase
4. Zoe and Kangoo use AC Type 2 charging only, but can work with Type 1 using a locally produced adapter (as shown on the right in Auckland downtown carpark)

How far can I go? How long to charge?

115-170 km dependent on use*

*We have used local testing and will show real use range experiences

Standard 3 pin plug > 10 hours

7.4 kw wall charger > 3-4 hours

22kw 3 phase wall charger > 0-80% 1 hour

ZOE

ZOE

Ready to join the electric revolution?

Driving Pleasure. The Renault ZOE provides a smooth, quiet driving experience, making it a joy to drive everyday. A lower centre of gravity is provided by the underfloor battery, which ensures good road handling.

Flexible Charging. The innovative and adaptable Chameleon Charger means you can make topping up your ZOE part of your daily routine at home, whilst also stopping off on longer journeys for a quick charge to get you to your destination.

Wall-box included. Our included 7kW Homecharger for clients with a domestic address and off street parking, means you can charge your ZOE completely from flat-to-full in just 3-4 hours.

Style. We all want style in our lives, and the streamlined appearance and transparent rear lights are some of the features of the ZOE that will ensure you do.

Technology. The Renault ZOE comes packed full of world firsts and technology that improves the whole driving experience

BOOT VOLUME (litres)	
Boot height under shelf	338
Boot with rear seat folded	1225
DIMENSIONED DRAWING (mm)	
A Wheelbase	2588
B Overall length	4084
C Front overhang	839
D Rear overhang	657
E Front track	1,511
F Rear track	1,10
G Overall width on moulding strips/with wing mirrors	1,730/1,945
H Unladen height	1,562
H1 Unladen height with tailgate open	2,028
J Unladen boot sill height	724
K Ground clearance, laden	120
L Cabin length	1,678
M Front elbow width	1,384
M1 Rear elbow width	1,390
N Front shoulder width	1,365
N1 Rear shoulder width	1,320
P Front headroom at 14°	904
Q Rear headroom at 14°	826
Y Maximum boot entry width	941
Y1 Lower boot entry width	899
Y2 Interior width between wheel arches	1,037
Z Boot opening height	685
Z1 Maximum loading length with rear bench seat folded	1,426
Z2 Height under shelf	622
Z3 Length of load behind seats	580

Approval types	AGVYA0
Number of seats	5
ENGINE	
Engine type	SAGEN3
Electric motor technology	Synchronous with rotor coil
EEC maximum power (kW/hp) / at maximum rpm	65(88) / 3,000 - 11,300
EEC peak torque (Nm) / at maximum rpm	220 / 250 - 2,500
BATTERY	
Technology	Lithium Ion
Total voltage	400
Number of modules / cells	12 / 192
On-board power (kWh)	22
Battery weight (kg)	290
CHARGING	
3 kW	(single phase 16a charge point) 8-9hours
7kW (single phase 32a found as domestic wall boxes or in public car parks)	3-4 hours
22kW (3 phase 32a charge point found in public car parks)	60 mins (80%)
GEARBOX	
Gearbox type	Gearbox with single-speed reduction gear t
Number of forward ratios	1
PERFORMANCE	
Top speed, kmh	135
0-50 - 0-100 kmh	4 - 13.5
EEC FUEL CONSUMPTION Standard no. 93/116	
NEDC(1) driving range	240 with 16" alloys, 200 with 17" alloys
Real Use	115-170 km dependent of style of use
Standardized consumption (Wh/km)	146
CO2 (g/km)	0
STEERING	
Assisted	Yes (electric)
Turning circle between kerbs (m)	10.56
Number of steering wheel turns	2.73
AXLES	
Front/rear axle types	Pseudo McPherson / Torsion beam rear axle
Ø front/rear anti-roll bars (mm)	23 / 25
WHEELS AND TYRES	
	205/45/17 or 195/55/16
BRAKING	
Continental TEVES ABS	Yes
Emergency Brake Assist (EBA)	Yes
Electronic brake force distribution	Yes
ESP with UCL	Yes (+ASR)
Front: ventilated disc (VD) Ø (mm)	Ventilated disks, 258
Rear: drum (D), solid disc (SD), ventilated disc (VD) Ø (mm)	9" drum
Parking brake	Manual
AERODYNAMICS AND CAPACITY	
SCx	0.75
Fuel tank (L)	0
WEIGHT (kg)	
Unladen kerb weight	1,468
Unladen kerb weight on front / rear	871 / 597
Max. gross vehicle weight (GVW)	1,943
Within the max. allowable front/rear GVW	1,023 / 920
Max. braked / unbraked towing weight	Not allowed / Not allowed
